DEAR A & T

Dear A & T . . .

Throughout the year, we observed that you supported and recognized our program interests and most important, our academic pursuits. For this, we are grateful. In many ways you provided a program for us which lead to a variety of individual and group living-learning experiences that facilitated our exploration in evaluating personal values, attitudes, aspirations, and beliefs. For this, we are grateful. Sincerely, Your Students.

MRS. DORIS D. CANADA
ASSISTANT VICE CHANCELLOR FOR BUSINESS AND
FINANCE/BUSINESS MANAGER

It is with profound pleasure that the AYANTEE Yearbook Staff and Student Government Association, DEDICATE to you, Mrs. Canada, our 1987-88 Edition of the AYANTEE YEARBOOK.

We owe a special debt of thanks and appreciation to Mrs. Canada, for she works behind closed doors in the name of students. Her involvement with students may not always be visible, but her functions extend far and wide. We say "THANK YOU."

Steps Toward . . .

Dear A & T:

The climate is perfect! We have proclaimed your goals and mission. We are among those who have found the way to achieve and learn the way of life which produces joy, love and happiness.

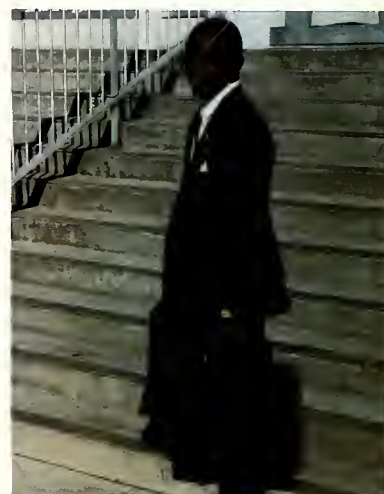

Thank you for giving us this awe-inspiring opportunity to inherit the best you offer — A QUALITY EDUCATION.

Where Excellence Is
Fashionable

Dedication Services for the Ronald E. McNair Engineering Building at NC A & T State University, Friday, June 12, 1987.

Dr. Ronald E. McNair, ASTRONAUT and distinguished Scientist, will long be remembered as an outstanding graduate of NC A & T State University and as a genuine AMERICAN HERO. He died on Tuesday, January 28, 1986 while serving as a mission specialist aboard the Space Shuttle Challenger.

In Recognition Of . . .

Mr. Roger McKee, Director
Memorial Union

In sharing his knowledge and Union experiences with individuals, you will note a genuine love for his work. With his keen sensitivity of the needs for the Union and providing co-curricular activities for participants, he joins both together with his practical philosophy in delivering services that are much appreciated by students.

Because of his unique management style, many organizations, departmental clubs, service clubs, churches, schools, and numerous other agencies benefit greatly because of his concern to make everything enjoyable when using the facility.

We cannot attach a more precarious tag to Mr. McKee's name and reputation, other than to label him as an "OUTSTANDING GENTLEMAN."

An
Academic
Facility

Dear A&T

In order to cope, you must be dedicated.

Once in a while, thinking over these things, we have the feeling that there must be a definite reason behind our existence.

PRIDE alone is sufficient reason why we love Dear A&T.

One of the most important occasions of this year at A&T, and certainly a greatly significant educational event has been, S-T-U-D-Y-I-N-G!

Besides the common term studying, we find also the term QUIZ, which sometimes seem like a COMPREHENSIVE EXAM!

In addition to good study habits and attending classes, RELAXATION must come into PLAY. Smiling for snapshots with "Mr. J." takes one's mind off of many subject matters.

It was discovered that distinctive features of college life enabled many students to learn about others. But for all their individuality, students also have much in common. They share a common human nature, certain emotional drives, intellectual capacities and moral tendencies.

We must respect her and admire her for wanting to take a leadership role in — increasing his weight during time-out from classes.

Academic Pursuits

Education must help us cultivate leisure time and interests. We thank you Dear A&T for providing all students an opportunity for exploration according to their needs.

Tremendous potential for educational advantages. We thank you DEAR A&T for allowing us to capitalize on each opportunity.

It is that time of the year when students get a chance to give the ole Fraternity grin . . . ALWAYS STRIVING FOR THE BEST!

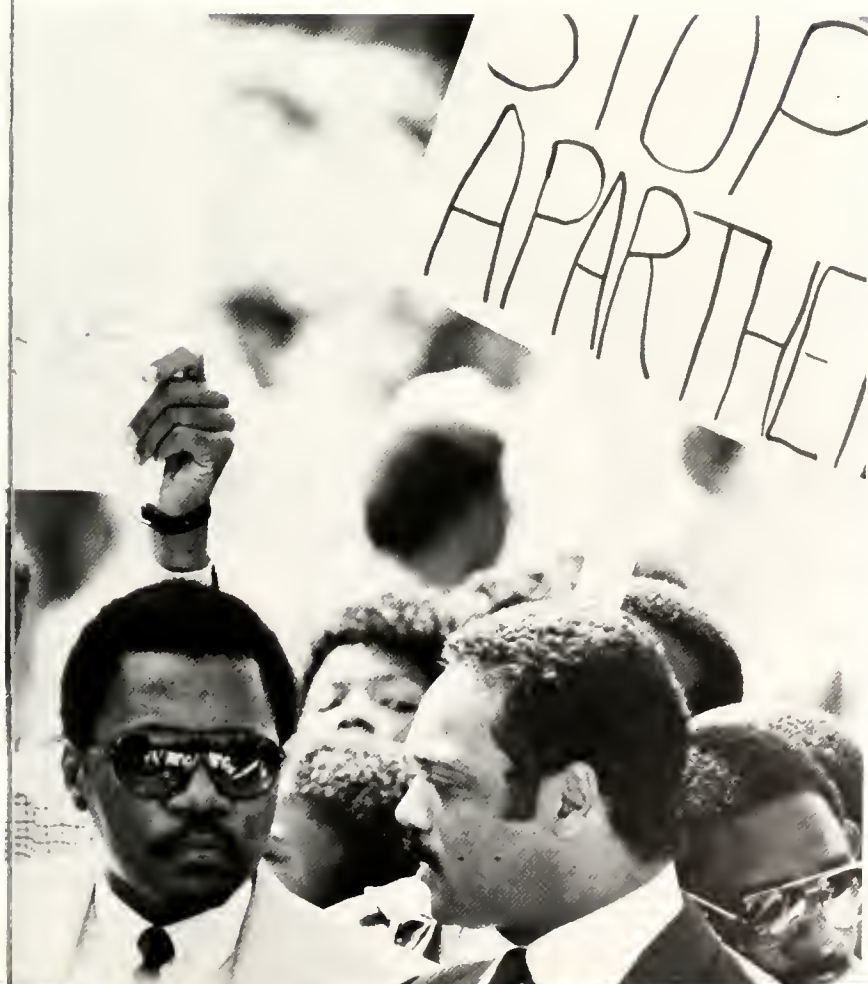

We challenge each student to stay involved with this great University — ACADEMICS, THE SPORTS, ORGANIZATIONS, ACTIVITIES AND STUDENT GOVERNMENT ASSOCIATION.

Freshmen, Sophomores, And Juniors . . .

Alpha Kappa Alpha Sorority, Inc.

A Touch Of

History

In 1908, Alpha Kappa Alpha Sorority became America's first Greek Letter organization established by and for Black women. Today, nationally and locally, Alpha Kappa cultivates and encourages high Scholastic and ethical standards, promotes unity and friendship among college women, alleviates problems concerning girls and women, maintains a progressive interest in college life and serves all mankind.

Mu▲Concept Of A Message

Mo-Del Unique was founded in the year of 1983, since that time, it has carried a traditional Fashion coordination and Showing annually. The Organization, now Incorporated, does not try to set itself aloft anyone else, in saying we are the trend setters of A & T, but we do try to arrive there FIRST. Our Motif is "FINDING TOMORROW FOR A & T TODAY."

Student Government Association

Let me first say that it has truly been an honor and privilege to be elected and serve as your STUDENT GOVERNMENT ASSOCIATION PRESIDENT for this school year. I would like to express a special and sincere thanks to you the "AGGIE FAMILY" for the support and understanding that you have given my administration. This year has been a special one from the beginning with the arrival of the CENTENNIAL CLASS of 1991. A & T has produced the best of the best in less than 100 years of its existence. The Rev. Jesse Jackson, Sr., and the late Dr. Ronald McNair are just a few examples of the products produced by this great University. And, as our Chancellor says, "AGGIELAND IS THE PLACE WHERE DREAMERS BECOME ACHIEVERS, FROM ASTRONAUTS TO PRESIDENTS."

Fellow Aggies, I would like to say that in addition to

pursuing academic excellence, get involved in the works of STUDENT GOVERNMENT ASSOCIATION. ONLY YOU, THE STUDENTS WILL MAKE THE DIFFERENCE IN THE PROGRESS. The programs sponsored by the SGA are for you, and it is your presence that makes them a success. And with your student support, we continue to be in the forefront of the HISTORICALLY BLACK COLLEGES.

It is with this thought in mind, that you, remember your responsibility as an Aggie to keep the spirit and that good ole — "AGGIE PRIDE ALIVE." It is important that we continue to strive for excellence, the excellence needed for the continued growth and success of this great University. Because we, the Student Government Association, are "STRIVING TODAY FOR WHAT WE CAN ACHIEVE TOMORROW."

Alpha Lambda Delta

Freshman Scholastic Honor Society

PURPOSE

Alpha Lambda Delta is a national society which honors high scholastic achievement during the first year in college. The purpose of the organization as stated in the constitution is: to encourage superior scholastic achievement among students in their first year in institutions of higher education, to promote intelligent living and a continued high standard of learning, and to assist women and men in recognizing and developing meaningful goals for their roles in society.

HISTORY

Founded as an honor society of freshman women at the University of Illinois in the spring of 1924, Alpha Lambda Delta became a national organization as chapters were established at Purdue in 1926 and at Depaul in 1927. Men were first admitted to membership in the fall of 1975. Today Alpha Lambda Delta has 196 chapters throughout the nation. More than 290,000 students have been initiated into membership.

NATIONAL AWARDS

In honor of Maria Leonard, Founder of the Society, a BOOK AWARD is presented each year to the Alpha Lambda Delta graduating senior in each chapter who has maintained the highest grade point average.

SENIOR CERTIFICATES, available from National Headquarters, may be presented to graduating members who have maintained the cumulative grade point average required for Alpha Lambda Delta membership.

Men's Council

The Young Democrats

The Young Democrats of A & T is a coalition of all college democrats. It combines the voices and activities of numerous democrats into one cohesive unit.

The college democrats have enthusiastically volunteered for Democratic Party projects and have worked very hard for democratic candidates.

Our organization provides college students a great opportunity to get actively involved in politics. The organization is under direct auspices of the Young Democrats of North Carolina. It is open to all persons age 18-35.

Of A & T Members

Felicia Tobin, President, Daphne Page, Vice-President, David Hill, Treasurer, Darryl Towns, Liaison, Attorney General, Sam Mosely, Adviser.

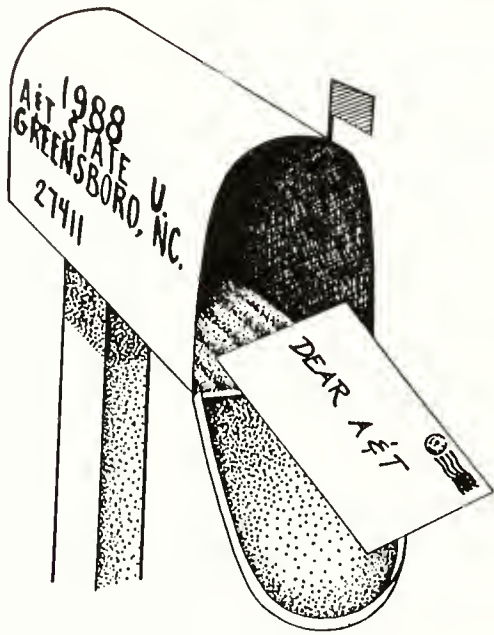

Beta Kappa Chi Scientific Honor Society

L to R — Constance Y. Mathis, Dr. Claude Lamb, Adviser, Starletta Williams, Danellia Gladden.

‘ We attempt to encourage and advance scientific education through original investigation, the dissemination of scientific knowledge and stimulation.

ALMA MATER

Dear A. and T., dear A. and T., a monument indeed,
Around thy base with grateful hearts behold thy students kneel,
We bless the power that gave thee birth to help us in our need,
We'll ever strive while here on earth all loyalty to yield.

REFRAIN

With joy, with joy, dear A. and T., thy students turn from thee
To spread thy trophies year by year from Dare to Cherokee.

II

Dear A. and T., dear A. and T., the signet thou shalt be
Set by our great old commonwealth, proud boaster of the free;
She'd have the record of her worth on granite not inscribed—
Nay, let the children of her birth proclaim it by their lives.

III

Dear A. and T., dear A. and T., henceforth our aim shall be,
By precepts wise and deeds more sure to bless the State through thee;
The arts of industry to wield against an idle foe.
A harvest rich from ripened fields of what thy students sow.

96th Founders' Day Convocation Of North Carolina Agricultural And Technical State University

The Coronation

Enjoy Yourselves in the treasure of Activities planned just for you!!

It is again that time of the year when we dig wholeheartedly into the treasure of Homecoming Activities here at North Carolina Agricultural And Technical State University. It is a moment when all else stands still to enjoy the quality and uniqueness of one precious jewel. It is also that moment when the

past, present, and future all combine to form that one precious jewel ... "The Aggie Family."

The Aggie Family is committed to achieving excellence and we are constantly adding jewel after jewel to the "Treasure of Excellence in Aggieland." This Treasure of Excellence is displayed not only in the facets of campus life, but also locally in industry and nationally in the presidency.

I encourage you, the Aggie Family, to continue adding jewels to our Treasure of Excellence.

Sponsored by the Student Government Association of North Carolina Agricultural And Technical State University, Greensboro, North Carolina.

The Coronation involves different degrees of personal and organizational commitment and responsibility. Public relations and other criteria are necessary.

Opportunities are available for all students to participate in the Coronation. Organizational Presidents encourage wholesome group life.

Whereby students can develop rewarding friendships. Time invested in the Homecoming festivities are taken into consideration by our faculty. We Are Grateful, Dear A & T.

Organizational Queens demonstrate positive steps toward excellence while serving their organizations, not only during this Gala occasion but throughout the year.

TIPS FOR DORMITORY RESIDENTS

Resident students must be alert always of preventing crime.
Follow these rules.

Record serial numbers, brand names and descriptions of all personal property.

Never keep large sums of money in room.

Never lend keys to anyone.

Inform dormitory counselor when room is unattended, and indicate approximate time of return.

When leaving room make sure of the following:

- all windows and doors are correctly closed and locked,
- all valuables are removed from sight and locked up,
- and all desks and closets are locked

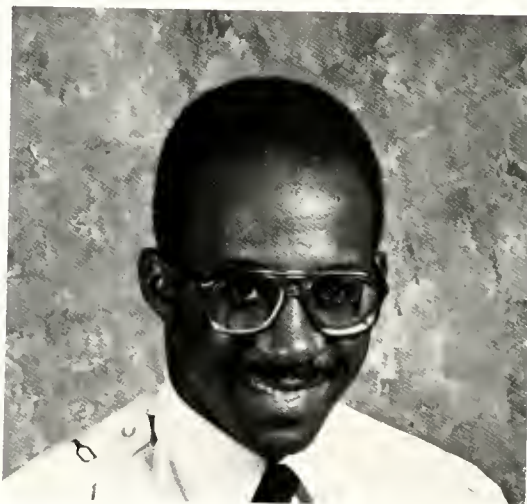

Report a crime to the University Police Department as soon as possible. Do not disturb any evidence.

"He Lived But A Short Time,
Yet Accomplished Much. We Must
Never Forget

Dr. Samuel D. Proctor, Former President (1961-64) Of A & T — Keynote Speaker, January 15, 1988

Dr. Samuel D. Proctor, Former President (1961-64) of A & T was Keynote Speaker in Harrison Auditorium on January 15, 1988. Proctor is a Professor of Education in the Graduate School of Education (Martin Luther King Memorial Chair) at Rutgers University, which is located in New Brunswick, New Jersey. He is also the Senior Minister in the Abyssinian Baptist Church in New York City. He is an Alumnus of Virginia Union University, (1942) and Boston University (1950), earning the Doctorate at the latter in Ethics. Other graduate study was done in sociology at the University of Pennsylvania where he served as Dean. He was appointed President of Virginia Union in 1955 and served until 1960.

From 1964-69 he held administrative positions with the Peace Corps in Nigeria and Washington, The National Council of Churches, The office of Economic Opportunity, The Institute for Services to Education and the University of Wisconsin. Dr. Proctor has traveled in the far East and the Arab States, Eastern Europe, the Soviet Union, Africa, New Zealand and Australia.

He is the author of the *Young Negro in America* 1960-80, Published by the Association Press, 1966. In 1964 he was awarded an outstanding Alumnus Award at Boston University and in 1966, a Distinguished Service Award by the State University of New York at Plattsburgh. Honorary Degrees have been conferred upon him by Bryant College (R.I.), Bucknell University (PA), Davidson College (N.C.), Ottawa University (Kan.), Rider College (N.J.), Stillman College (Ala.), The University of Rhode Island, Atlanta University, Wilberforce University, (Ohio), St. Peters College (N.J.), Central Michigan University, Virginia Union University, Coe College in Iowa and The University of Maryland.

“Living The Dream:
Let Freedom Ring!”

The Constitutional Status Of Afro-Americans Into The 21st Century . . .

February 1988

Greetings:

The history of this great nation can not be considered without recalling the significant contributions of Black Americans, even from the nation's very beginning.

Ours has been a glorious past, replete with all of the ruffles and flourishes as associated with heroes, martyrs, leaders, and builders.

The contributions of Black Americans did not come easy but were hammered out on the anvils of sweat, blood, and undying love.

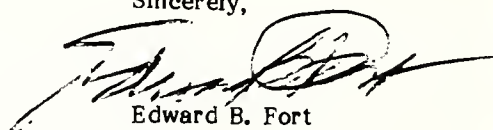

While we languished at times in the mean crucible of racism, we nevertheless were determined to make our way toward freedom and justice.

As a part of this history the men and women who have become internationally known have been led by persons such as Dr. Martin Luther King, Jr., Justice Thurgood Marshall, Whitney Young, Jesse Jackson, Dr. Ronald McNair, Crispus Attucks, Harriet Tubman, Mary McCleod Bethune, and thousands of others who, because of their presence on this soil, have led the way as pertains to "access for all."

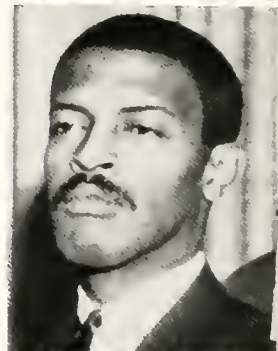

We must, therefore, continue to remember and to celebrate the magnificent impact of Black Americans on the nation. We must remind this civilization that the freedom of all is affected by the lack of freedom for any. I am confident that Black Americans, because of their unique and trying history, will continue to play a major role in helping America become all she was intended to be.

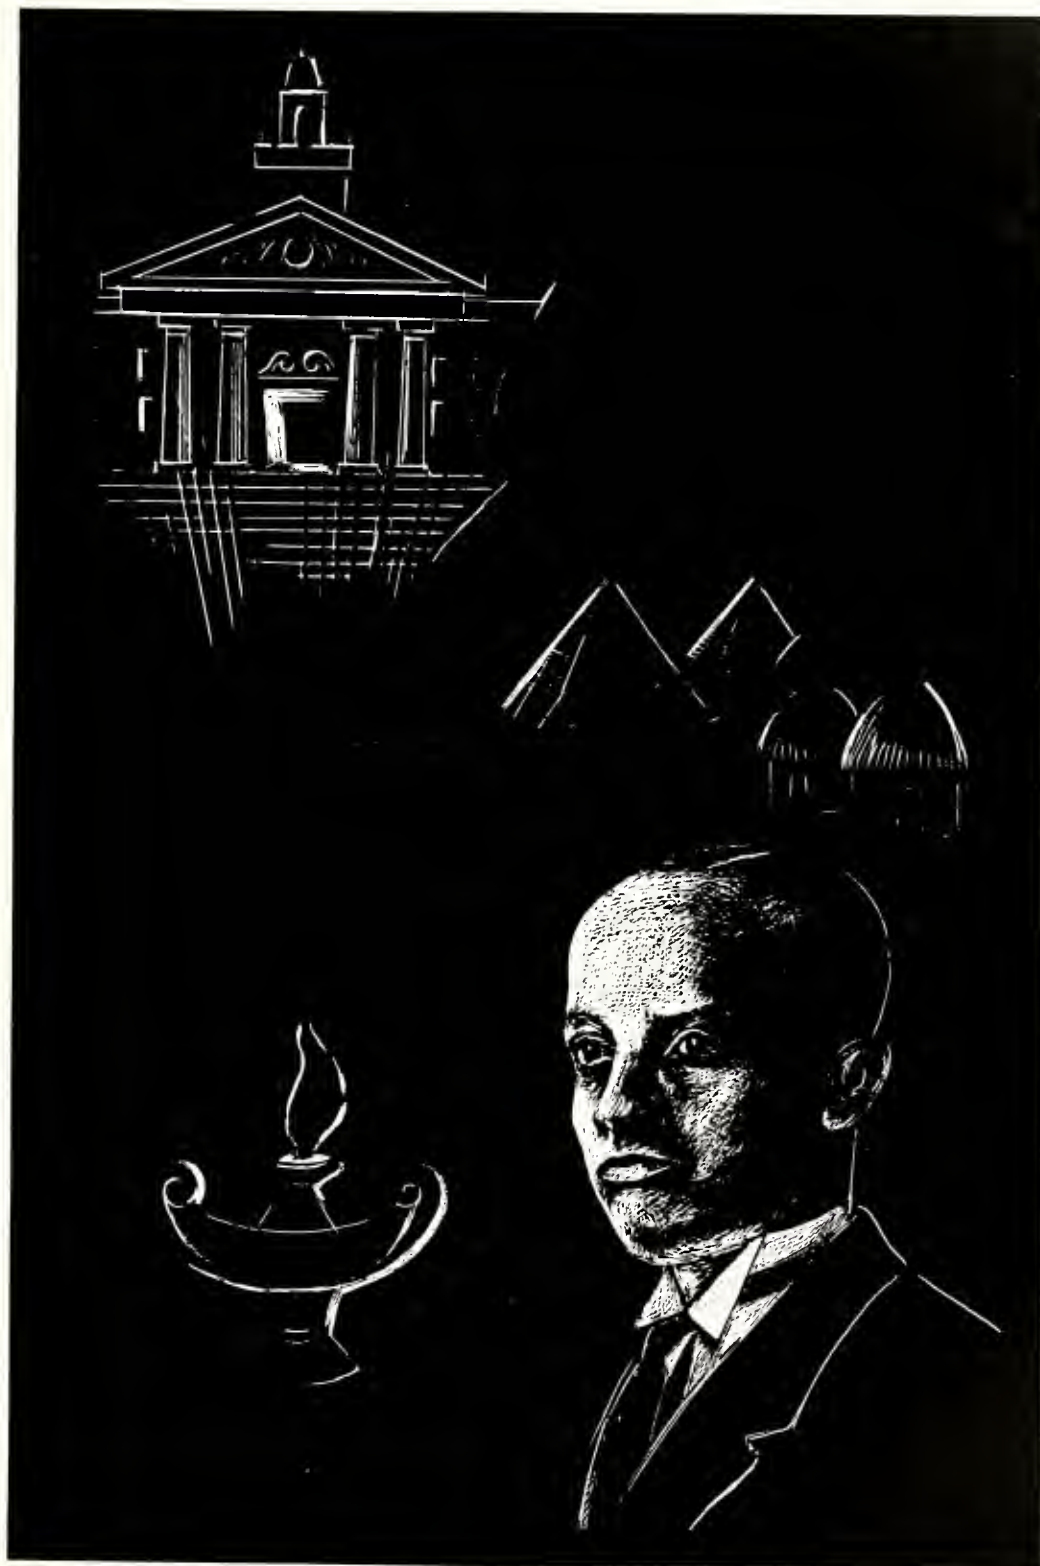

I commend the Black History Committee for coordination of this year's observance. May we all be enriched by each event.

Sincerely,

Edward B. Fort

R O O T S

Alex Haley

Alex Haley was born in Ithaca, New York, on August 11, 1921, and was raised in Henning, Tennessee. The eldest of three sons of a college professor father and a school teacher mother, Haley finished high school at 15. He completed two years of college before enlisting in the U.S. Coast Guard in 1939, beginning his service as a messboy.

On his various tours of duty at sea during World War II, Haley worked late into the nights trying to write short stories. For eight years, editors rejected hundreds of his manuscripts, but at last some of his writings began to sell.

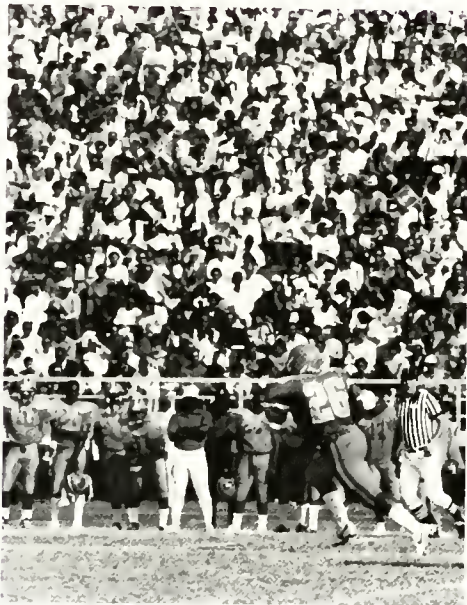

In 1952, the Coast Guard created a new rating for Haley -- Chief Journalist. While assisting the handling of U.S. Coast Guard public relations, he continued to hone his writing skills.

Haley retired after 20 years of military service in 1959. He ventured into a new career as a freelance writer, publishing numerous magazine articles. His subjects were frequently the headline-making personalities of the day, such as the highly controversial Malcolm X.

With Malcolm X, Haley wrote his first book, *The Autobiography of Malcolm X*, which was published in 1965. It was selected as one of "The Ten Best American Books of the 1960's Decade," and it became required reading in many U.S. high schools and colleges.

Media Information

Credentials: Media credentials for covering North Carolina A&T State University basketball games in Corbett Sports Center may be obtained by writing the Sports Information Office at least one week prior to the event. If time permits, credentials will be mailed. If not, credentials may be picked up at the press will call window at the ticket office. **Requests for media request** should be sent to:

Drexel B. Ball
Sports Information Office
North Carolina A&T
State University
1601 East Market Street
Greensboro, NC 27411

Drexel B. Ball

All requests for working press, radio, television, photographers and scouts should follow the above procedure.

Media Row Services: Included in media row services are complete team and individual statistics, play-by-play, and coaches post-game comment.

Post Game Interviews: Head Coach Don Corbett will be available for comment after a 10-minute cooling off period after each game. Player interviews are encouraged. The team's locker room will be open to the working press 10 minutes after the game.

Telecopier: Telecopier service is available on first-come, first-served basis. Whenever possible, it is suggested that writers bring their own copy transmitting devices.

QUICK FACTS ABOUT A&T

DREXEL B. BALL Sports Information Director

Drexel Ball begins his sixth season as the A&T Sports Information Director. Prior to coming to A&T, he was employed for nearly a decade as a staff sports writer for the Greensboro Daily News & Record. He is a native of McClellanville, S.C. and attended Charles A. Brown High School of Charleston, S.C. He graduated from Morehouse College in 1972 and did post graduate work at the University of South Carolina. He holds a master of science degree from A&T State University. He is married to the former Brenda D. Petty and they are the parents of a son, Tyler.

THE CHAMPIONSHIP YEARS

North Carolina A&T has become the envy of basketball teams across the country. Very few schools of higher learning can match A&T's success on the basketball court. Beginning with the tenure of Cal Irvin and extending through the current tenure of Don Corbett, A&T has claimed an impressive number of CIAA and MEAC titles. The years of those championships are listed below.

CONFERENCE	YEAR	COACH
CIAA	1958	Cal Irvin
CIAA	1959	Cal Irvin
CIAA	1962	Cal Irvin
CIAA	1964	Cal Irvin

Lt. Colonel Johnny W. Williams

CPT. Judy A. Atkinson-Kirk

CPT Curtis S. Driggers

The United States Air Force maintains a permanent Air Force Reserve Officers Training Corps at this institution for the purpose of conducting leadership training, military training, and flight training. The specific objective is to conduct a modern academic program keyed to the development of the Professional Officer. This program is offered in two divisions. The lower division for Freshmen and Sophomore is termed the General Military Course. The upper division, established as the Professional Officer Course, is designed to continue the training of Juniors and Seniors so as to provide a complete four-year officer preparatory program. The entire Aerospace Studies curriculum is designed to commission quality young men and women who are not only educated in the academics of their university, but who have a competency in certain military skills, and a strong motivation for active duty and an Air Force Career.

MSGT Archie B. Cook

LoRetta W. LeGrand

CPT Anthony L. Hardin

SGT Kevin W. Carlton

Leadership Laboratory is taken an average of one hour per week throughout the student's four years of enrollment in AFROTC. Two-year program students participate while in the Professional Officer Course. Instruction is conducted within the framework of an organized cadet corps with a progression of experiences designed to develop each student leadership potential and management skills. Leadership Laboratory involves a study of Air Force customs and courtesies; drill and ceremonies; career opportunities in Air Force; and the life and work of an Air Force Junior Officer. Students develop their leadership potential and management skills, in a practical supervised laboratory, which typically includes field trips to Air Force installations throughout the U.S.

SSGT Stanley O. King

Army Reserve Officers' Training Corps (ROTC)

LTC Benjamin F. Roster, Jr.

CPT David W. Goetze

CPT Michael Guyton

CPT Romeo H. Morrissey

Programs of instruction for the Army ROTC include a four-year program and a two-year program. The four-year program consists of the two-year basic course, the two-year advanced course, and the Advanced ROTC Summer Camp. The two-year program encompasses a Basic ROTC Summer Camp, the two-year advanced course and the Advance Summer Camp. The basic course is designed to introduce the student to basic military concepts and the organization and mission of the U.S. Army. Those students who successfully complete this course are eligible to enter into the advanced course.

Credit for the basic course can be obtained by successfully completing Military Science 101, 102, 201, 201 and a leadership laboratory must be taken concurrently each semester with the class. Prior service in the Armed Forces can be used to obtain appropriate credit for the basic course.

The two-year program is designed for junior college students or sophomores at four-year institutions who have not taken ROTC. A basic six-week summer training period after year takes the place of the basic course required of students in the traditional four-year program.

CPT Laurie V. Hutchinson

SGM John B. Scott

SSGT Michael O'Neal

MGS Robert J. Lindsay

Successful completion of the ROTC program qualifies a student for a commission as a Second Lieutenant in one of the following branches of the Army; Adjutant General's Corps, Armor, Infantry, Military Police Corps, Ordnance Corps, Quartermaster Corps, Signal Corps, Medical Service Corps, Aviation,

Field Artillery, Air Defense Artillery, Transportation Corps and Army Nurse Corps. Special requirements and/or additional training is required for commissioning in the Medical Corps, Army Medical Specialist and the Veterinarian Corps.

April 19-22

Annual Student Art Show, H. C. Taylor Art Gallery

April 24

Concert by University Symphony Band, 6:30 p.m., Harrison Auditorium

Numerous special interest groups and diverse lifestyles have gained recognition in many sectors and have dramatically changed the climate of the University community. The overall involvement afforded each to a total satisfaction ... It was appropriate to have special resource personalities share their expertise in the areas of education, social, religious and political avenues. Every generation of the Aggie family has a rendezvous with the land which the University occupies. We must continue to show special respect for the fundamental values of Aggie-land, and we must pay special attention to the way these relate to the goal of the individual and to society as a whole.

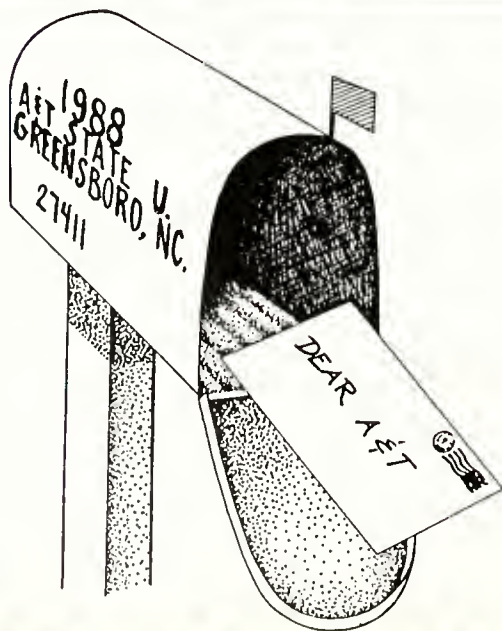

Many groups join in the educational struggle in attempting to render services that will touch the lives of all students.

Ideals and ideas become altered to include positive reinforcement of learned responses to internal as well as external adjustment factors.

Together we tried to ensure that adequate means were provided for wholesome and personal-social growth of each student.

Between Classes

During warm weather, many shared experiences are recorded. These experiences help to develop a balanced, integrated personality. Many opportunities are visible in forming lasting friendships. Breaks between classes give students a chance to be with others which have similar interests and to belonging.

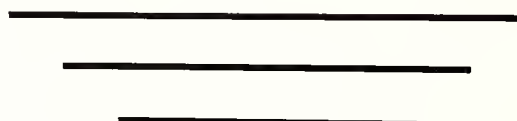

Campus life adjustment is a process of successful day by day living.

DEAN THOMAS HASTYE
RESIDENCE HALL ASSISTANT

Cooper And Haley Residence Halls

Cooper Hall was named for Dr. Charles L. Cooper, first Chairman of the Industrial Art Department, opened in 1955 for male students at a cost of \$667,825.00. In 1971, this hall was converted into a residence hall for female students. There are 201 rooms to be occupied by 402 students. It has one suite, one complete bathroom, two showers, three bedrooms, and one kitchen to be shared by the total residence hall.

James White
Administrator

When Alex Haley was searching for his roots, he came across an interesting discovery. His father, Simon Haley, was once a student here on this campus in the area of agriculture. He documented this in his long saga over national television and the University chose to provide a landmark in recognition of this discovery and as a tribute to Mr. Haley's artistic ability. The building to your left here is the Alex Haley Hall, a dormitory for young men at the advanced junior or senior levels.

James Toon
Administrator

Martin Franklin Holt, son of the late Charles and Eliza Ann Isley Holt, was born in Graham, North Carolina on May 3, 1890.

Mr. Holt received his early education at the High Point Normal and Industrial Institute, High Point, North Carolina. Upon finishing this institution he entered Hampton Institute, Hampton, Virginia and graduated in 1914.

In 1918, he came to A & T College. For years operated the blacksmith shop and taught on the campus. While operating the blacksmith shop, Mr. Holt fabricated much of the metal used in some of the earlier building. Later, he was appointed Superintendent of Building and Grounds, directing the layout of some of the landscaping which still exists intact.

Through his life of service to Guilford County and the state of North Carolina, most memorable to A & T graduate today, was that span of service (1930-1960) as Superintendent of the farms. He was appointed Superintendent of the college farms in 1930, a position he held until his retirement in June, 1960. While at A & T he made outstanding contributions and remained a close friend of the University even after his retirement. He was a member of the Bethel A.M.E. Church, and was an honorary member of the American Society of Agronomy and the Hampton Alumni Association.

Mr. Holt, a man of duty, perserverance and love for his fellowman, the young as well as the old, and certainly as a father, whose leadership and courage will be a symbol of greatness to his family.

Mr. Holt's son is a prominent dentist in Greensboro today.

Holt Hall And Gamble Complex

Kent Court, a motel complex, was purchased by North Carolina A & T State University between 1969 and 1970. It was chosen to become an Adult Education and Continuing Ed. Center.

During 1975-76 school year the back section of this facility was converted into living quarters for the football coaching staff until 1978-79 school year. Today it serves as a Residence Hall for male undergraduate Seniors and Graduate Students.

William T. Gamble, served as Residence Hall Director, Dean of men, Director of Registration and Records, and Director of Admissions. He was a person of many attributes, a very dedicated person to the University and community.

Assistant Administrator

Scott Residence Hall A — B — C

One of the largest buildings in the South is the W. Kerr Scott Hall. It was completed in 1951 at a cost of nearly \$2,000,000.00 and was named for a governor whose administration saw the largest sum of appropriation to A & T State University in the school's history. An alumnus, the late J.W. Jeffries, Assistant State Agent for the Extension Service, might have made all of the difference in terms of Governor Scott's generosity for A & T. This building was designed and housed 1,100 men of the campus plus apartments for counselors. For years, Scott Hall was our pride and joy.

Moses Kamara
Administrator

Ronald Tate

Frederick Scott
Administrator

Barbee & Curtis Residence Halls

Barbee Hall is a six-story building that was built in 1969, at the cost of \$1,333,000.00. The west side of the building opened the Fall Semester of 1969 and the East side opened the Spring Semester of 1969-70.

The housing unit for students is of a suite structure. There are three or four rooms within the suite. This building was built to house 402 students and four staff members. It has an office and conference room which is used by the staff. There is a separate area being used by one of the University Counselors as an Outreach Center. There are two lounges in the building. The east lounge is used for a study area after 10:00 P.M. each night and as a recreation area during the other times of the day.

Patricia Foster
Administrator

Curtis Hall was named for Alston Curtis and was occupied in 1951. This is a three-story structure that can house 148 students. It was constructed in 1951 at the cost of \$255,497.00. It has two rooms for staff and/or Director. The facility contains two lounges, one in the basement and one on the first floor. This facility is no longer in the area of Dean of Students for Organizations and Development.

The year of 1960 was the opening Gibbs Hall. This facility was opened for housing 200 female students. It consists of 102 rooms; 100 rooms for housing students and two rooms for residence staff.

Fredonia Russell
Administrator

Holland & Morrison Residence Halls

Holland Hall was the first residence hall on campus for female students. It was constructed in 1939 at a cost of \$117,548.00. This is a three-story building with a basement.

Addie Widemon
Administrator

Morrison Hall has been in existence for fifty-five years, opening its doors in 1934 to male students, at a cost of \$155,000.00. This hall was later converted into a female residence.

The hall consists of a basement with rooms available for sororities, a laundry, kitchen, storage rooms and a recreation room. There are three floors with forty-nine rooms and one lobby. Forty-six rooms are for housing ninety-two students. Two rooms are occupied by counselors and one used by the hall as a study room.

Linda Inman
Administrator

Morrow And Vanstory Residence Halls

The building to the East of Benbow Road Hall is a dormitory for women. Originally named Warmoth T. Gibbs Hall, after the Fourth President of A. and T. State, it retained that name until 1979. In that year, the new social sciences building over on Eastern Main or Market Street was completed and the name of Warmoth T. Gibbs was assigned to it in honor of the long time historian and social science teacher. The name of this building was changed to Alma I. Morrow Hall.

Vanstory Hall is a three-story building that was built in 1967 at a cost of \$595,100.00. It houses 200 students of all classifications with a laundry room on each floor. Other accommodations: An office, conference room and lounge plus two living quarters for staff.

During the past five years, the average percentage of occupancy has been 98%.

A Part Of The
Process

Through the years, A. & T. has been a monument indeed. It has kept memories alive in ones mind who had an opportunity to past through this way. A. & T. has inspired students to strive for higher height — from astronauts, scientist, congressmen, presidents, and the list goes on.

Students have acquired a feeling of self-worth equal to anyone anywhere.

A. & T. has taught students how to establish priorities, set goals and obtain them.

Dear A & T An Interpretative History

Seven presidents and/or chancellors have served the institution since it was founded in 1891. They are as follows: Dr. J.O. Crosby (1892-1896), Dr. James B. Dudley (1896-1925), Dr. F.D. Bluford (1925-1955), Dr. Warmoth T. Gibbs (1956-1960), Dr. Samuel DeWitt Proctor (1960-1964), Dr. Lewis C. Dowdy (1964-1980), Dr. Cleon Thompson, Jr., Interim Chancellor (1980-1981), and Dr. Edward B. Fort (1981 — Present).

Here at A. & T., efforts are made to meet today's demands on and challenges to institutions of higher education. A. & T. is especially aware of the challenges for higher education to produce men and women with trained intelligence and strength of character who will be prepared to assume especially demanding and heavy responsibilities in a changing society. In its efforts to meet this challenge, it strives, through all members of its community, to accomplish common tasks and common goals through clear understanding and by mutual assumption of particular duties and responsibilities.

Student In Pursuance Of Extra-Class Objectives, The Program Of Co-

Math Was Bad On Friday,
But Don't Forget Wisdom!
Sunday Is Coming ...

Dear A & T we thank you for teaching us the Art of FLEXIBILITY.
Aside from trying to master academic pursuits, we feel that extra-class activities are important and valuable.

Our Instructors always lay down the rules They are special and prized persons.

Love Is Not An Easy Thing If Given Accept Freely Experience Love

LOVE

Love is not an easy thing. It is not easy to find and often it is not easy to hold.

There are many people who do find love but allow it to slip through their hands because they are unwilling or unable to nurture love.

Love requires sacrifice. Love requires the willingness and patience to listen and act on someone else's point of view or desires and needs.

Love requires thought. Many lovers often act before they think and that can be dangerous and reckless.

Unfortunately, we live in an age when many people have given up on love and have turned to the pursuit of pleasure in cars, clothes, drugs and liquor.

These people are simply fooling themselves. The gift of love requires a search for love. The search may sometimes be very long and difficult.

But those who have been fortunate enough to find love will tell you that the search is one worth going through.

Love is very serious and very profound. Often, lovers fall out of love because one of them or both of are unable to understand the depth of the relationship that they are involved in.

There are many people who play with love or who are unable to sustain the pain that does come when two people attempt to love each other well.

Yes, love does bring pain. And those who are mature in their loving are able to cope with it and work through the pain.

Those who are immature simply — for the most part — are unable to cope, fold their tents and run off into the night — hoping that another love will come their way.

More often than not, those who do flee, find themselves loving again. But their experiences are the same.

For they have failed to comprehend that one of the major components of love is hard work.

So, if you have found love, hold on to it. Nurture it and fight for it. Sometimes the pain will seem great. But refuse to give up.

For at the core of greatness is the ability to love and the willingness to pay that price that comes along with being loved.

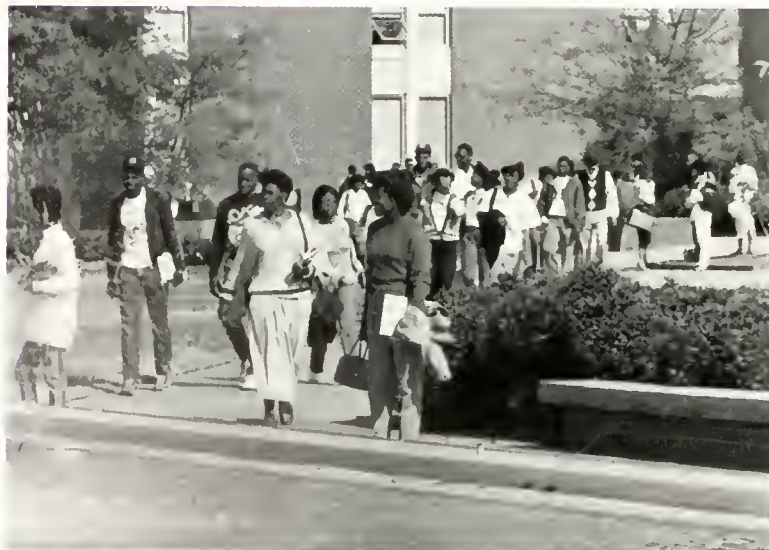

WRITTEN BY: ROBERT ANDREWS, JR.
LOVE IS THE MOST IMPORTANT THING IN THE WORLD!

Happy Valentine Day

The Maintenance Of Wholesome Partnership

Student

Students recognize unity and definiteness of purpose in each activity. They respond wholeheartedly with their best efforts, and they carry throughout the year that spontaneity and enthusiasm so essential for program implementation.

Students had the opportunity to work with different projects. Many were labeled with complex responsibilities. Thanks to Mrs. S. R. Martin, they were implemented with pose, dispatch, and efficiency.
